

## Join Alcohol Focus Scotland now!

Scotland's alcohol problem is now significantly worse than the rest of the UK and it is getting worse.

As the national charity for alcohol issues, Alcohol Focus Scotland is in a perfect position to make a real difference to Scotland's alcohol problems through our information and training services, and influencing national policy. We want to represent the views of professionals working in alcohol and also from across the voluntary sector, NHS, police, criminal justice, social work - in fact anyone who is concerned about alcohol misuse.
